Media Bureau

PETITION FOR RULE MAKING

Pursuant to 47 C.F.R. 1.401, Charles Crawford respectfully petitions the FCC to institute a Rule Making proceeding to amend the FM Table of Allotments to add Channel 242A at **Hornbeck**, Louisiana.

DISCUSSION

Petitioner respectfully submits that the public interest would be served by allocating Channel 242A to **Hornbeck**, Louisiana, as that community's first aural broadcast transmission service. **Hornbeck** is an incorporated city with a population in excess of 434 people. **Hornbeck** has its own mayor, Clarence Beebe, its own school system, the **Hornbeck** Independent School District, its own post office, its own fire department, its own town hall and a number of local churches. The proposed channel 242A will provide additional diversity and an outlet for local self-expression to **Hornbeck** residents and therefore is in the public interest.

Petition for Rule Making
Hornbeck, Louisiana
Page 2

Attached hereto is a channel study confirming that Channel 242A can be allocated to **Hornbeck**, Louisiana, consistent with the FCC's FM separation rules. See revision of FM Assignment Policies and Procedures, 90 FCC 2d 88 (1992). Note: KYKZ Lake Charles, Louisiana was granted a construction permit on May 10, 2002 to downgrade from channel 241C to 241C1. Also note: KLSN channel 242A Hudson, Texas is now licensed to a site that is not in conflict with the proposed new channel 242A at Hornbeck, Louisiana. There are no other preclusion's.

Reference coordinates are:

31 26 31 N
93 24 22 W

Should this petition be granted, and Channel 242A be allotted to **Hornbeck**, Louisiana Petitioner will apply for Channel 242A, and after it is authorized, will promptly construct the new facility.

The information provided in this Petition for Rule Making is correct and true to the best of my knowledge.

Respectfully submitted,

A handwritten signature in black ink, appearing to read 'Charles Crawford', written over a horizontal line.
